\*\*board feet = [# pieces x Thickness (inches) x Width (feet) x Length (feet)]

If a special is hired for the shipping of freight, the cost will be determined according to the Fare List published in the Boat policies. The above listing above applies to freight carried on regular scheduled trips and does not apply to “Freight Specials.”

**Note:** Cost of loading and unloading is NOT included and if needed shall be contracted with the captain and crew and paid directly to them.
