NOTICE:

For all large, oversized items, the Lilly B Captain needs to be called prior to scheduling the trip. 207-751-2283

All freight must be handled by the owner under the direction of the crew. The Captain has full discretion on whether or not an item can be transported safely on the ferry. The Captain will have final say as to which tier items fall into. Adjustments will be made before the ferry leaves the dock (i.e if captain says it belongs in tier #3 and customer prepaid for tier #2, the fare increase will be paid prior to the loading of the item.)
