### Island Update

July 28, 2020

Dear Islanders,

Despite the challenges we are all facing this year, it's been nice to see so many who have been able to enjoy time on the island this summer. The Overseers would normally use the annual meeting as an opportunity to provide some reminders to help make the season go smoothly. Since the meeting is canceled, we are sending this update to provide those reminders so that everyone can enjoy their time on the island.

#### Alcohol

- Drinking and open alcoholic containers are prohibited in Maine in public places. This includes all public spaces (Community House, Golf Course, Public Dock, Steamer Dock, Tennis Courts, etc. ...) and roads on Bustins.

#### Noise

- Construction equipment should only be operated from 8:00 AM to 5:00 PM Monday through Friday.
- Please be considerate of your neighbors by curtailing loud gatherings, music or other loud noises after 9:00 PM or before 8:00 AM.

#### Public Float

- The public float is the key emergency access point for the island and it must not be obstructed.
- The Lilly B has priority access to the front of the float at all times.
- Private boats should load and unload gear and passengers quickly and safely. This should take no more than 15 minutes under most circumstances. Boats must not be left unattended.

# *Bustins Island Village Corporation*

- Do not leave boats over 12 feet tied up at the dock for an extended period of time (by-law Article XXI limits to 45 minutes and must not protrude into the face of the float).
- Skiffs (boats under 12 feet) should be tied up at the rear of the dock, with overflow at sides.

## Trash

- Put trash out by 1:00 P.M. on Sundays.
- Two bags per household weighing less than 25 lbs. each.
- Limited to household trash (no construction debris).
- Use heavy duty bags or double-bag to prevent breakage.
- Compost vegetable waste if possible.
- Take recyclables off island for disposal at home or at recycling locations in Freeport if possible.

Thank you,

Board of Overseers
